MAKE THEIR GOLDEN YEARS GREAT YEARS!

Book your SENIOR PET HEALTH CHECK today

These age specific health checks are for dogs over 7 years and cats over 9 years. Annual checks are an important and proactive step for optimal health care and a prolonged and happy life.

Our Senior Pet Health Check focuses on these key health areas:

- Heart
- Lumps and bumps
- Teeth
- Nutrition
- Ears
- Internal organ function
- Joints
- Vaccination Status

Your 30 minute consultation with one of our experienced veterinarians will also provide an opportunity to raise any other concerns you might have.

Our in-house diagnostic laboratory enables us to run your pet's blood or urine tests on-site during their examination. This means we can pick up on any underlying issues and provide an immediate and tailored treatment plan for your pet.

Great savings and promotions on senior products and diets!

Call us or visit our website to book an appointment
